Index One Year

This page lists all full reports in the past 12 months and selected shorter reports. **Bold type** indicates Ratings reports or brand-name discussions; *italic type*, corrections, follow-ups, or updates. An index of the most recent Ratings of products covered over the past four years is available at our Web site, at *www.ConsumerReports.org*. Note that because reports posted on our site are periodically updated, publication dates on the Web index may not reflect when a given report appeared in the magazine.
